Pasadena, California 91101

This mixed use property, which includes an 8-story office building, a 350-room Westin Hotel and two restaurants, extends the city of Pasadena's master plan and enhances the historic Civic Center with its Spanish Mediterranean architecture. Landscape architect Lawrence Halprin, designer of the Franklin Delano Roosevelt Memorial in Washington, D.C., integrated serene pools, dramatic fountains and soothing gardens throughout the project to craft pedestrian walkways into pleasant places to stroll and relax.
